

Dear Lasallian Parents,

Scholastic is happy to partner with your child's school on Scholastic Literacy Pro, a research-based, online reading assessment and independent reading management program that help develop children into successful, proficient and engaged readers.

Scholastic Literacy Pro has the LitPro Test which evaluates your child's reading level by having him read short passages and answer multiple choice questions. Your child will take the LitPro Test as scheduled by the school. As soon as your child completes the LitPro Test, he will be assigned a Lexile score. (For more information about Lexile, you may refer to www.lexile.com.)

Scholastic Literacy Pro motivates progress with the right books. To ensure that your child receives enough challenge to help him grow as a reader, ask him to regularly read books within his targeted reading range – 100 Lexiles below and 50 Lexiles above his current Lexile score. Your child's school has a Scholastic Reading Center that houses a collection of Lexile-levelled books that students may borrow.

Your child has access to more Lexiled books through the Literacy Pro Library. The LitPro Library is a growing collection of e-books that your child may read anywhere, anytime.

When your child has finished reading a book or an e-book, Literacy Pro offers a fun book quiz to check your child's completion and understanding of the book.

Literacy Pro keeps track of your child's reading progress. Student data, like words read, average quiz score and quiz pass rate are available in the dashboard displayed on your child's LitPro home page. We encourage you to access your child's Literacy Pro account once in a while and to monitor his participation in this reading program.

Thank you very much for being a dedicated partner in your child's education. Together, let us open for our children a world of understanding, self motivation and joy through reading!

4. Scroll down the list of books and look for the right book quiz. Then click on **Take the Quiz**.

My Lucky Day
Keiko Kasza

Lexile	Word Count
270L	554

A piglet starts out looking surprised and innocent at the fox's door, but the tables quickly get turned. The smart little pig asks for a bath, a meal, and a massage with surprising results from the fox.

To choose and read e-books...

1. Click on the **Literacy Pro LIBRARY** icon.

2. Click on the  **Library** tab to browse and choose e-books that interest you.

The Curse of the Jungle Treasure
By Yanitzia Canetti, Debra

Fourteen-year-old Tony doesn't want to visit his cousins in Peru. After hearing about a treasure, however, Tony sets off in the jungle with his cousins and has a terrifying adventure.
