in partnership with

STEM Executive Education Program (SEEd)

Visit the Fraser and Neave (F&N) Experience Centre for Singapore's first 'smart factory' and innovation centre to focus on health and sustainability!

Visit Times Centre, home to one of the largest education solutions providers in Singapore!

Learn more at the #1 Teacher College in Singapore, the National Institute of Education (NIE).

Visit GreenLab to see the first eco-solutions manufacturing plant in Singapore.

Itinerary

Day 1: Arrive in Singapore

Sunday, October 27, 2024

Arrive in the beautiful Lion City of Singapore

Day 2: Sustainable Earth

Monday, October 28, 2024

Educators and students will take part in a hands-on sustainability workshop. Visit the first 'Smart Factory' and Innovation Centre that focuses on health and sustainability and the first Eco-Solutions Manufacturing Plant in Singapore.

Day 3: Welcome & Design Thinking at Times Centre

Tuesday, October 29, 2024

Engage in an immersive experience where students will harness the principles of design thinking to craft innovative projects.

Day 4: Visit to the National Institute of Education (NIE) & Innovation and Concept Building

Wednesday, October 30, 2024

NIE is a national teacher education institute and an integral part of the nation's education system. Offering multidisciplinary undergraduate and graduate education programmes, the institute empowers students to analyse, tackle, and resolve challenges in various career pathways, both within and beyond the realm of education.

Day 5: Presentation, Award Ceremony & Departure

Thursday, October 31, 2024

Students will have time to refine their final projects, present them, and attend the prize ceremony before departing for Singapore Changi Airport.
