Dear **Grades 9 and 10 Parents /Guardians,**

For many years, De La Salle Santiago Zobel School (DLSZ) has remained steadfast in its commitment to enhancing the educational experience of our students. With this same commitment, we are pleased to announce the continuation of the American Diploma Pathway (ADP) Program for Academic Year 2026–2027, now welcoming its third cohort of students.

Following the successful implementation of the first and second cohorts, we continue to offer this unique opportunity for our students to earn a U.S. High School Diploma concurrently with their local academic requirements. The ADP Program is part of our ongoing efforts to equip our learners with globally competitive credentials and broadened academic experiences.

Offered in partnership with Greenville High School in Pennsylvania, USA, the program enables students to complete a U.S. high school curriculum online while receiving support from our local faculty. The benefits of the program include:

- **Global Recognition:** The U.S. High School Diploma is widely accepted by international universities and institutions, increasing students’ opportunities for admission and scholarships.
- **Enriched Academic Learning:** The ADP Program enhances students’ academic profiles through critical thinking, communication, and real-world problem-solving skills.
- **University Cost Savings:** Students may qualify for advanced standing or credit transfer in college, leading to potential savings on tuition and living expenses.
- **Accelerated Degree Completion:** With advanced coursework, students may shorten the time needed to complete their college degrees.

In line with this, we invite you to attend an Information Session to learn more about this opportunity and how it can positively impact your child’s future.
